NEW YORK, March 15. The Herald's Washington special says that a letter from Schofield's headquarters, dated Newbern, 11th, says: "This morning Hoke attempted to break our lines, but was repulsed with terrible slaughter. OPENING OF THE LYTLE HOUSE.—This new and commodious hotel, located on the southeast corner of Fourth and Hammond streets, was formally opened to the public on Monday. Through the enterprise of the proprietor, Acton Young, Esq., of Louisville, it has been fitted up in elegant taste, and will take rank among the best appointed establishments of the kind in the city. The parlors are located on the second floor, where also the office has temporarily been placed, and are furnished in an admirable menner. The dining-room is in the shape of an L, the top dining-room is in the shape of an L, the top looking into Fourth street, and extending around to Hammond. Jefferson Davis' machine is like a patent rat trap, with a door only opening inwards. Notice to Hon. J. F. Bullitt, Chief Jus tice of Kentucky.

Geo. T. Wood, Alfred Allen, R. J. Browne, R. E. DeHaven and Wm. R. Thompson were appointed a committee by the House of Rep-resentatives of the General Assembly, under the following resolution: ne following resolution:
Resolved by the General Assembly of the Commuscally of Kentucky, That inasmuch as a numittee of the House of Representatives we reported that they had heard evidence

corducing strongly to show that Joshua E. Bullit, a Judge of the Court of Appeals for this Commonwealth, was guilty of belonging to a treasonable associatior, it is therefore the opinion of this Legislature that the said Bullitt's conduct should be investigated; and that to this end a committee of five members of the House of Representatives shall be appointed to propose resolutions addressing him out of effice, to be reported on the third Tuesday in May rext; that it shall be the duty of this committee to cause the attendance of witnesses on process to be issued by said committee on that day, who shall be examined in presace of the two Houses, in faint session, by member of the Legislature, selected by joint ballot of the two Houses, to conduct the exmination, who is also to appear. throughout n support of the prosecution; that the comee shall also give personal rotice to Judge tt of the sitring of the Legislature, and of rial, if he is to be found in the State, or vertisement in the Louisville Journal nd Democrat in the event of his absence; and that he be permitted to appear in snewer to the charges in person, or by counsel, at the bar of the Lagislature in joint session; that said Builitt may have process to procure the attendance of witnesses at the investigation that the testimony shall be taken down in writing by some competent person, to be selected by the Speakers of the two Houses. A copy attest :

JAMES B. LYNE, Clerk. The How. Joshua F. Bullitt is notified to appear as circoted by the above resolution. The committee will meet in the city of Louisville, at the Louisville Hotel, on the 30th day of March, 1865, and continue in session a re All persons knowing the names of witnesser against Judge Bullist are requested to furnish the names and residence of the witnesses to the chairman of the committee.

G. T. Wood, Chairman. March 6, 1865.

To the Citizens of Louisville. The committee appointed by the General Council to attend to the disbursement of the bounty fund beg leave to call the attention of the cluzers to the following facts:

The fuel, \$200,000,appropriated by the city, only sufficient to pay bounty to 6662-3 men, he amount to this date contributed by the \$25 becribers to the bounty fund is \$39,200, which will only pay bounties to 140 men. Thus, the two funds combined will pay for but 797 men. There have been already enlisted to the credit of the city 442 men, a dihere are now 450 men more who offer to enlist. When they shall be enlisted, it will make the number credited to Louisville 892 mer, which is 95 men more will pay. Besides, even if this number of 892 will pay. Besides, even it this number of 892 men should be paid, there would still be a deficiency of 366 men; and unless this deficiency is made up the draft will be ordered. In addition to the 450 men, now about to be enlisted, others can be procured; they are daily offering and there will be no difficulty in procuring enough and more than enough men to fill the city's quota and avoid the draft. Let the citiz's quota and avoid the draft.
Let the citiz use, therefore, come forward at
once and subscribe to the fund, so that we
may not have to turn away the volunteers for
want of funds to pay the bounty. This we
must do, unless the citizens promptly come
forward to morrow; for, as before observed,
we have already more men enjaged than the
fund will now pay. Let every citizen take an nterest in the matter, and not be satisfied one with subscribing, but let him urge ters to come forward and subscribe, and t cease his work till enough money is raised

to pay off the city's quota.
